

Gourmetific Fulfillment SOP

This document outlines the Standard Operating Procedure (SOP) for order fulfillment at Gourmetific.

It defines when to use each fulfillment platform (CJ, DSers, Eprolo), especially for cookware set orders.

CJ DROPSHIPPING

CJ is the main fulfillment platform. However, it is used under specific conditions:

When to use CJ:

- For orders from the USA that contain products NOT available on DSers, or if the shipping address is in a USA remote area (Hawaii, Alaska).
- For European Union countries, only if the order does NOT contain a WHITE COOKWARE SET.
- All other exceptions or mixed cases not covered by DSers or Eprolo.

Before Adding Orders to CJ Picking Section:

- Confirm the shipping country is eligible for CJ.
- Check if there are any warning signs under the order number.
- Ensure there is a Store Amount value.
- Make sure inventory in 'My Inventory' is above 20 units.
- Select the cheapest shipping method under 30 days delivery.
- Verify shipping discounts (if not correct, contact Roxane).
- If the product includes electronics (e.g. Warming Mat), the order must be SPLIT.
- If there is an issue with the shipping address (usually missing phone number), use: +1 786 840 0678.
- If the product has no discount and it's not dropshipped, contact Roxane with the CJ SKU for a discount.

Split Required for:

- WHITE COOKWARE SET orders with upsell items (like Utensil Sets, Extra Handles) going to:
USA (except Hawaii and Alaska), Ireland, Germany, France, Spain, Italy, etc.
 - > Cookware from DSers, upsells from CJ.
- Orders shipping to USA remote areas (Hawaii, Alaska) must go through CJ, regardless of product.

ORDERS PICKING ON CJ - INSTRUCTIONS:

- Go country by country and select 10-20 orders at a time.
